*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).*

Paperback. Book Condition: New. Not Signed; This book was shortlisted for the 2015 Man Booker prize. It was shortlisted for the 2015 Goldsmiths Prize. A horrifyingly comic novel of ideas with its fingers jammed into the light-socket of the age. (Guardian). A Kafka for the Google Age. (Daily Telegraph). Meet U. - a talented and uneasy figure currently pimping his skills to an elite consultancy in contemporary London. His employers advise everyone from big businesses to governments, and, to this end, expect their 'corporate anthropologist' to help decode and manipulate the world around them - all the more so now that a giant, epoch-defining project is in the offing. Instead, U. spends his days procrastinating, meandering through endless buffer-zones of information and becoming obsessed by the images with which the world bombards him on a daily basis: oil spills, African traffic jams, roller-blade processions, zombie parades. Is there, U. wonders, a secret logic holding all these images together - a codex that, once cracked, will unlock the master-meaning of our age? Might it have something to do with South Pacific Cargo Cults, or the dead parachutists in the news? Perhaps; perhaps not. As U. oscillates between the visionary and the vague, brilliance and bullshit, *Satin Island* emerges, an impassioned and exquisite novel for our disjointed times. book.
