Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Women in Banking in the City of Minneapolis The tables presented in this report were compiled from data collected in the Industrial Survey of Women Employed Outside the Home under the auspices of the State Council of National Defense, the Minnesota Public Safety Commission, and the Department of Labor and Industries, with the local cooperation of the Woman s Occupational Bureau, the Civic and Commerce Association, the Committee on Women in Industry, the Council of National Defense, and numerous other agencies and individuals. Every bank, but one, employing women in any capacity cooperated in giving the information requested between the period of July 1 to October 1, 1918. This included data in regard to name, address, wage, age, occupation, nationality, and marital condition of every woman employee, in addition to hours of work, sanitary conditions and replacement. The following banks having the largest number of employees cooperated by returning the schedules complete without the assistance of an investigator: Farmers Mechanics Savings Bank, Northwestern National Bank, First Security National Bank, Metropolitan National Bank, Minnesota Loan Trust Co., Midland National Bank, Federal Reserve Bank of Minneapolis. Acknowledgement should be made to Miss Jeanette Eaton for the use of certain material from a report on office work in banks which was part of the Minneapolis Vocational Education Survey in 1915. The major portion of the general information embodied in this bulletin has been contributed by officials of the various banks and it is only through their courteous and continuous cooperation and consideration that its publication has been made possible.
