

Short Talks on Psychology

By Charles Gray Shaw

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the first chapter: WHAT IS PSYCHOLOGY? MOST people look at the word Psychology as though it stood for something of a mysterious character like witchcraft, hypnotism, New Thought or the like, when as a matter of fact Psychology is nothing more than organized common sense applied to the problems of the mind. If you have wondered why a building four hundred feet high looks longer than a ship four hundred feet long, if you have asked yourself why they always have music at the moving-picture show, if you have noted that time passes rapidly when you are busy, if you have observed green shadows after gazing at red, if you have heard the newsboy ask what paper instead of offering papers in general-if you have done things of this kind you have begun the practical study of psychology. In a more scientific way, Psychology may be called a study of one's own mental states and his neighbor's acts; it is thus a science of the mind's states and acts, of the...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
