

Original Contributions of Louisiana to Medical Science: A Bibliographic Study (Classic Reprint)

By Edmond Souchon

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Original Contributions of Louisiana to Medical Science: A Bibliographic Study graphic Study. In a previous paper read December 15, 1915, before the Louisiana Historical Society the subject was considered biographically, i.e. gave specially an account of the lives of the contributors, whereas in this bibliographic study it is specially their writings and achievements that are described. All the contributors from Louisiana are from the City of New Orleans, except Dr. Prevost. Dr. Francois Prevost practiced in Donaldsonville. In 1830 (?)he performed the first Cesarian Section in America. He operated four times successfully losing but one mother and operating twice on the same woman. His claim is well established in a paper published by Dr. Robert P. Harris of Philadelphia, published in the New Orleans Medical and Surgical Journal, June, 1879, page 933. Dr. - Dubourg, (New Orleans) was the first to perform vaginal hysterectomy in America, if not in the world. (Statement of Professor E. S. Lewis of Tulane.) Dr. Charles Aloysius Luzenberg, 1805-1848, (New Orleans) first removed gangrenous bowel in hernia, and sutured the...

Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.

-- **Andres Bashirian**

Comprehensive guide for publication fanatics. This really is for all who statte there had not been a well worth reading through. I discovered this ebook from my dad and i encouraged this book to find out.
