Brand New Book ***** Print on Demand *****.Health Words in the Word: Avoid Frequent Illnesses by new author G.G. Koch, published by Xulon Press For such a time as this. What can we do about illness now and in the future? What can we do against communicable diseases in particular? Pray and read this book. Prepare for LIFE even in difficult epidemics. The author proposes a strategy and an extensive framework for giving everyone including health care workers access to a lexicon of phrases for dealing with infectious disease situations - through Biblical passages available everywhere. This powerful book of letters addresses issues that must be dealt with often. Infectious disease requires direct clear communication on everything. Issues and situations range from prevention, and basic hygiene instructions, to identifying sources and much beyond--the author challenges us to consider God s role. There is more of course. In her phrase-book, there are thoughts about and answers to: Who can heal? How can we improve our immune systems? How can illnesses be named and described? What to do when people don t wash their hands enough. How to communicate with illness carriers who speak only one language and who do not speak yours! What roles do the Bible, scientific testing, and human intellect have? This book is written in English for everyone. God speaks in all other human languages, so sample equivalents are given for some. This book is for YOU! The least YOU can do is pray. These letters challenge YOU to find a way to do something right from where you are. Ask GOD to give you the ordinary and spiritual gifts YOU need for the future.
