Reviews

It is one of the best books. Indeed, it really is a play, nevertheless an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

He speaks there of the comparatively slight modifications which he made in his crude material; and he shows us the impulse that prompted him in his wanderings. What did I go there to do? he asks (it is to Brazil that he refers in this case); and he replies, I did not know myself: I obeyed a need of emotions, a desire for the unforeseen which I could not have explained, but which pushed me on with irresistible force. During twenty years this desire led me, without serious motives...
